

Piemonte DOC Barbera

Area: Langhe and Monferrato hills

Barbera with a definitely classic expression, made in Piedmont's style.

Young of light effervescence because of its early bottling or light refermentation in bottle.

Dark red Colour. Classic scent of red fruits. Flavour with a certain panache, with soft notes because of a little sugar residue, and a fairly good presence of tannins.

Wine that does not lend itself to ageing, but still expresses its characters after a few years. It perfectly matches fat meats and cold cuts in general.

To be served at room temperature.
